

Lydeard St Lawrence
SCHOOL NEWS

Spring 2008

January 16th

There are a couple of important health and safety messages for you this week. We will continue to follow the recent advice to have a period of 48 hours off school following sickness and/or stomach upsets. We hope this will keep the number of children (and staff) succumbing to the bug to a minimum. Following the heavy rain one or two holes have opened up in the field, where land drains have collapsed and water is also flowing near to the adventure playground, possibly including run off from the septic tank. This has been sent for testing, but in the meantime please don't send the children to play on the field after school. I am sure everything will be sorted out by next week, but I would appreciate your help with this.

Bag2school collections made £87.50 for the school and the next pick-up will be on May 23rd. Bags are available in the school office and full bags can be left there or given direct to Fern Baker (Josh, Rich and Jodie's mum). Thank you for your contribution.

I forgot to mention swimming money last week! The voluntary contribution remains £1.20 per week, which goes towards hire of the facilities, bus fare and tuition. The cost is £7.20 this half term, £6.00 next half term (£13 for the term). Please make cheques payable to Somerset County Council.

Fruity Tuck and hot meal cheques should be made out to Lydeard St Lawrence School.

The venue for the County Schools Football finals is now Castle School, Taunton. If you are in town on Saturday afternoon and have time to stop, do come and give them your support. They did very well again in the league on Monday, winning three games and drawing just one, so they remain at the top of the table. Well done boys!

Have a good week

Gill Stripp
Headteacher
