

Lydeard St Lawrence SCHOOL NEWS

Summer 2009

April 29th

The newsletter will still be coming out once a week, but the day may change from week to week, depending on my commitments, so look out for it and ask the children if you haven't seen it by Friday!

Some of the children are performing a dance routine at the Big Picnic, taking place on the bank holiday weekend. Practices are on Wednesday lunchtimes for those taking part.

Clubs started this week. If you put your child's name down for a club then there will be a place for them unless you are told otherwise. Cricket club is now full, and it includes Yr 2 children as a trial this week. The coach will let us know if it is manageable with KS1 children included. When a club is running on the school field, please keep other children in the playground area, as the field is for the club's use only. Thank you.

The milk scheme seems to be running very smoothly – anyone wishing to join this scheme, please contact Sarah Wood in the office.

Fruity Tuck is £4.80 per child this half term and £7.00 next half term, or £11 for the whole term. Cheques payable to Lydeard St Lawrence School please.

Lost property is currently overflowing with cardigans, shirts, even coats. I will be emptying it on Friday, so please check for your child's missing belongings and if you find them – name them please! Could you all please check that the names are still in your child's clothing, as it is impossible to find homes for a lot of the lost property.

A new pair of school shoes are missing. If you find a spare pair in your child's PE bag or belongings, please return them to Class 2.

School Link brochures are out today. Please return them to Class by Tuesday 5th May, with your payment. We receive 10% commission, which we use for more books.

Class 3 are studying Life processes and living things and we would like to hatch some eggs. If you have any fertile eggs (chickens preferably) that we could have please contact me, or let any of the children in class 3 know.

We are also planting salad crops and vegetables. If you have any plants or seeds left over from your planting, we would be very glad to use them in class and gardening club.

We are currently welcoming candidates for the Senior Teacher post to visit the school.

Finally, well done to the cross country runners who did very well this week, especially Archie Burton, who finished third, in a very good time.

Gill Stripp
Headteacher
