

Lydeard St Lawrence SCHOOL NEWS

Summer 2010

27th May

I hope everyone is looking forward to the half term break and that the good weather holds for the children's holiday.

Tomorrow (Friday) is a non school uniform day to raise some money or donations towards the prizes for the PTFA Bingo evening next month. Please support them, as they have been working hard to provide events to support your children. Thank you.

The Church has now been re-decorated and the PCC are holding a special service to celebrate this on Sunday at 4.p.m. Everyone is welcome to join them. Unfortunately we are not able to take our musicians on this occasion, but it is always lovely to meet in the church and to share this wonderful resource on our doorstep.

If parents want to see the dates for future cricket or rounders matches, they will find the details on the Tone sports website www.tsspartnership.co.uk . You will find the current league results and much information about the work of the sports partnership with schools in Somerset. Obviously, we can't predict in advance who will be in the team, but at least you will be aware of the coming dates.

Thank you for the responses about the choir. We have been able to get funding for this, so if you sent any money to school, it will be returned. Any singers from Year 3 upward are welcome to join us.

We have had very few adult responses, so please get back to us if you fancy having a good sing! You might also know someone, retired or free on a Tuesday after school, to come and join us. It would be great to involve people from the community wider than the school.

We are compiling some menu suggestions for our trial school meal week. If you have any suggestions, favourite meals you cook at home, packed lunch ideas etc, please drop me a line, or send an email to the office. (see address below)

This is the electronic contact for all office-related issues, but if you need to contact me personally, my address is gastripp@educ.somerset.gov.uk .

Have a great half term break.

Gill Stripp
Headteacher
