SCHOOL NEWS

Autumn 2009

6th October

Date of parents evening

Our apologies that an incorrect date came out last week on the calendar list. Parents' meetings are on THURSDAY 15th October. This was changed before the start of term, but not updated on the system. Staff will have their lists/letters out this week to allocate times.

MAD day

We had a really good turn out of staff, pupils, parents and friends to Make A Difference to the school. Even with such a big working party we still have a few jobs to complete before the winter. If there is anyone out there who loves painting and has run out of jobs to do at home (!) please contact Sarah, as we have one or two outstanding areas to decorate.

Reception children are now joining their classmates for lunch, and soon they will be full time members of the school. They have settled very quickly to the new routines and I would like to thank the children of Yr 2 and Yr1 for being so kind and helpful to them.

School Photographs

As you will have seen, the photographer will be in on Monday morning to take the school photographs. Please return your slip to say if you wish to have these taken or not, and if you have Pre-school children and you would like their pictures taken, please bring them along to the hall at 8.45am. Thank You.

Wet weather clothing

Now that the weather is becoming really autumnal please make sure your child has a coat or jacket. PLEASE NAME YOUR CHILDREN'S CLOTHES. They need to take responsibility for their belongings and you need to help them by clearly identifying the things that belong to them. We will help the younger children search the lost property basket or the class box. Older children also need their name in their clothes and could check for themselves to see if the name has washed out, and replace it if necessary.

Have a good week

Gill Stripp
Headteacher.
